

AMENDMENT TO THE FIGURES

Replacement Figures 3A, 3B, 5A and 5B are submitted herewith as requested by the Examiner.

REMARKS

This is in response to the Office Action dated March 21, 2008. With this response, the fee set forth to correct inventorship pursuant to 37 CFR §1.17(i) is submitted, the specification is amended, Figures 3A, 3B, 5A and 5B are amended, claims 1, 3-4, 6, 8-10 and 15-16 are amended, and all pending claims 1-6, 8-10 and 15-16 are presented for reconsideration and favorable action.

In the Office Action, the Examiner noted that a fee was submitted related to the correction of inventorship. With this response a fee is submitted and it is believed that the change may now be entered.

In the Office Action, the drawings were objected to. In paragraph 3, the objection related to the word “GND” in the claims. That language has been deleted from the claims. Further, the term “D trigger” has been clarified in the specification that this refers to item 748C in Figure 12. At paragraph 4, the typographical error was noted related to the term “one”. That element has been renumbered as “eleven” and it is believed that the objection may be withdrawn.

In section 6 of the Office Action, various changes to the specification were noted. The specification has been corrected and it is believed that the objection may be withdrawn.

In paragraphs 7-17, various typographical errors were identified in the claims. Those items have been amended and it is believed that the rejections may be withdrawn.

In view of the above amendments and remarks, it is believed that the present application is in condition for allowance. Reconsideration and favorable action are respectfully requested.

The Director is authorized to charge any fee deficiency required by this paper or credit any overpayment to Deposit Account No. 23-1123.

Respectfully submitted,

WESTMAN, CHAMPLIN & KELLY, P.A.
